

DRIVER SUPPLY POINTS

In an effort to support our drivers throughout the COVID-19 period, we will be providing Driver Supply Points at several of our terminal locations throughout the nation for our Knight, Swift, Barr-Nunn, and Abilene drivers. The goods may vary at each of the locations and items may arrive at different times, but we are doing our best to provide water, Costco mixed goods, and other provisions at each of the driver supply points.

We hope you can benefit from these goods and they will help sustain you through these times of uncertainty. We are tremendously grateful for each of you and are confident that the rest of America is cheering you on as well!

*Terminals were chosen based on the facility's ability to unload the trailers and location.

Be on the lookout for the flag above identifying a driver supply point at the terminals below.
